

The following procedures have been developed to provide for the health and safety of all students during the school day.

1. No homemade food items will be allowed to be brought on campus to be distributed to students.
2. Parents may bring food items purchased in a store provided they are packaged and an ingredients label is available.
3. Parents must make arrangements with their child's teacher at least one school day prior to bringing in snacks or food items for a class.
4. Parents must check with their child's teacher for a list of snack appropriate for that particular classroom.
5. Parents and teachers will be provided a list of "Healthy School Celebration" options and some suggestions for celebrations that do not include food items.
